TOTAL,	212

COURSES OF STUDY.

SCIENTIFIC AND CLASSICAL.

FIRST YEAR PREPARATORY.

[SCIENTIFIC AND CLASSICAL.]

FIRST TERM.

English Grammar—Orthography,	-	-	<i>Greene</i>
Geography,	-	-	<i>Mitchell</i>
Arithmetic,	-	-	<i>Robinson</i>
English Exercises.			

SECOND TERM.

English Grammar—Etymology,	-	-	<i>Greene</i>
Geography,	-	-	<i>Mitchell</i>
Arithmetic,	-	-	<i>Robinson</i>
English Exercises.			

THIRD TERM.

English Grammar—Syntax,	-	-	<i>Greene</i>
Geography, reviewed,	-	-	<i>Mitchell</i>
Arithmetic,	-	-	<i>Robinson</i>
English Exercises.			

SECOND YEAR PREPARATORY.

FIRST TERM.

SCIENTIFIC.

English Analysis, *Greene*
 Natural Philosophy,
 Rolfe & Gillet
 Mental Arith., *Robinson*

CLASSICAL.

English Analysis, *Greene*
 Natural Philosophy,
 Rolfe & Gillet
 Latin Grammar, *Harkness*

English Exercises.

SECOND TERM.

English Composition,
 Physical Geog., *Cornell*
 Algebra—Elements,
 Robinson

English Composition,
 Physical Geography,
 Cornell
 Latin Reader, *Harkness*

English Exercises.

THIRD TERM.

Chemistry, *Rolfe & Gillet*
 History of United States
 Anderson
 Algebra, *Robinson*

Chemistry, *Rolfe & Gillet*
 History of United States,
 Anderson
 Latin Reader, *Harkness*

English Exercises.

THIRD YEAR PREPARATORY.

CLASSICAL.

FIRST TERM.

Cæsar,	-	-	-	<i>Hanson's Prose Book</i>
Greek,	-	-	-	<i>Hadley's Grammar</i>
Mental Arithmetic,	-	-	-	<i>Robinson</i>

GENERAL INFORMATION.

EXPENSES.

PREPARATORY AND COLLEGIATE.

For Fall Term :—

Tuition in English Preparatory Department,	:	:	\$10 00
“ in Classical Preparatory, and Collegiate Departments,	:	:	12 00

For Winter Term :—

Tuition in English Preparatory Department,	:	:	9 00
“ in Classical Preparatory, and Collegiate Departments,	:	:	10 50

For Summer Term :—

Tuition in English Preparatory Department,	:	:	9 00
“ in Classical Preparatory, and Collegiate Departments,	:	:	10 50

No DEDUCTIONS will be made, except in cases of protracted sickness, or of students entering after the close of the third week of the term, who will be charged from time of entrance.

Tuition required in advance, invariably.

LOCATION.

THE ILLINOIS WESLEYAN UNIVERSITY is located in the beautiful and rapidly growing city of Bloomington, having already a population of nearly 18,000, at the junction of the “Illinois Central,” the “Chicago, Alton and St. Louis,” “Jacksonville and St. Louis,” “Indianapolis, Bloomington and Western,” and the “Lafayette, Bloomington and Mississippi Railroads”—being the center of the Railroad system of the State—in a healthful and delightful region of the country, diversified with native forests, extensive nurseries, and rolling prairies, and being one of the richest and most thickly settled agricultural districts in the United States.

Our inland position, the enterprise and intelligence of our community, the high tone of Christian morals among us, and the remarkable healthfulness of our city and its vicinity, offer peculiar inducements to such as seek the advantages of such an institution.

PATRONAGE.

The University is under the joint patronage of the Illinois and Central Illinois Annual Conferences of the Methodist Episcopal Church, which annually appoint Visiting Committees to supervise the examinations and general management of the institution, in conjunction with the Board of Trustees, thus offering to the public strong guarantees of the high moral tone of the instructions imparted within its halls.

LIBRARY.

Valuable additions have been made during the year to the Miscellaneous and Scientific Library of the Institution.

APPARATUS.

Considerable additions have lately been made to the already valuable Chemical, Philosophical and Astronomical Apparatus, though the increasing necessities of the Institution demand additional facilities in this department, which we trust the generosity of the friends of the University will soon supply.

MUSEUM.

The Museum of Natural History is steadily growing—comprising over four thousand specimens in Geology and Palæontology; two thousand five hundred Marine, and one thousand Fresh Water and Land Shells; a valuable Botanical collection, representing nearly the entire Flora of the State, donated by Dr. George Vasey, which he generously proposes to complete; about two hundred beautiful specimens in Ornithology, prepared and presented by Mr. R. H. Holder; various specimens of Mammalogy and Herpetology; a valuable Entomological collection, prepared and presented by the late Dr. Walsh, and a fine collection of native and foreign minerals from the Smithsonian Institute of Washington. It now affords excellent facilities for the practical study of Natural History in its various departments.

RELIGIOUS INSTRUCTION.

While all sectarianism will be rigidly excluded, the Faculty will, on all fitting occasions, strive to inculcate the principles not only of a pure morality, but of an Evangelical Christianity. Students will be required to attend some place of public worship on the Sabbath, such as their own preferences may dictate or their parents or guardians designate. They will also be required to attend the regular daily worship in the College Chapel.

The "CHRISTIAN SOCIETY OF INQUIRY" has sustained a regular weekly prayer meeting, which has been well attended, and, in connection with the religious efforts of the Churches, has resulted, under the blessing of God, in the conversion of a number of our Students.

LECTURES.

Regular courses of lectures will be delivered in connection with the recitations in the departments of Natural Science, Classics, Applied Mathematics, and of Mental and Moral Philosophy. Sabbath lectures, suited to the time and place, are delivered in the afternoon of each Sabbath, in the College Chapel, which have been of decided profit and interest.

EXAMINATIONS.

There will be a regular Public Examination of all the Classes at the close of each term; and Students will be advanced only after such examination. No student will be advanced whose average standing falls below the minimum established by the Faculty.

TEXT BOOKS.

All the Text-Books used in the University can be obtained at reasonable rates in the city.

COURSES OF STUDY.

These have been arranged with much care, after a close comparison of the standards of the best institutions of our country, and are designed to meet the varied wants of the youth of our rapidly developing commonwealth. We now offer to those desiring an education, *Four Courses of Study*—two Classical and two Scientific.

I.—THE REGULAR CLASSICAL COURSE.

II.—A CLASSICAL COURSE, in which the Student may elect certain Sciences, in place of a Term of Latin and Greek respectively:—the successful candidate in either of these Courses being entitled to the degree of *Bachelor of Arts*, (A. B.)

III.—THE SCIENTIFIC COURSE, including German.

IV.—A SCIENTIFIC COURSE, in which the Student may elect the *Latin* in place of certain of the Sciences—the successful candidate in either of the two last named Courses being entitled to the degree of *Bachelor of Science*, (B. S.)

Attention is invited to the special facilities offered for the practical study of the Natural Sciences—our course of study in that department being more *extensive* and more *thorough* than that of any similar institution in the State.

The curriculum in the Scientific Department has been re-arranged with special reference to the wants of the large class of students whose time, means, or other circumstances do not admit of their pursuing the regular collegiate course. It is designed to discipline the mind and prepare those completing it for teaching and for the ordinary pursuits of life. It embraces all the studies of the Regular Course, except the ancient languages, together with many special studies deemed desirable, and can be completed in four years.

The Classical Course, it will be observed, is thorough and complete, comparing favorably with that of our older Universities. It includes a course of four years, in addition to the usual Preparatory studies, and entitles the student to the degree of Bachelor of Arts.

As the institution grows older, we are gradually approximating the desirable end primarily set forth in the character of a University, viz: that our students should complete the classics. The experience of ages, the honors accorded by similar institutions in all countries, together with the discipline, culture and correct use of language acquired—all are motives for the student to take a little more time, make an increased effort, and bear away from his Alma Mater its highest honors.

DEGREES.

The Degree of A. M. (*Master of Arts*) is conferred on every *Bachelor of Arts* of three years' standing who, in the interval, has sustained a good moral character.

Application should be made personally, or by letter, at least two weeks before COMMENCEMENT. The usual fee for the Diploma is payable in advance.

COMPOSITION AND ELOCUTION.

Regular exercises in English Composition and Declamation are required of *all* the students of the Institution. Valuable prizes are offered to those excelling in these departments. Attention is called to the special facilities in the department of Elocution.

By reference to the Courses of Study, it will be seen that Elocution has been introduced as a part of the regular work of the Sophomore, Junior and Senior years. Thus the College Students, belonging regularly to those classes, will have *three terms, free of tuition*, instead of a few lessons with extra charge, as heretofore.

Students not members of these classes, desiring to perfect themselves in this department, can, for a very trifling expense, receive instruction regularly throughout the college year.

PREPARATORY DEPARTMENT.

The Preparatory Department, designed primarily to fit students for the College proper, is at the same time a well regulated Academic Institution, offering all the advantages of a first-class Academy or Seminary, to those who wish a more thorough culture in the common English Branches, than can usually be obtained in our country district schools.

LITERARY SOCIETIES.

The "Belles Lettres" and "Munsellian" Literary Societies have each convenient halls, neatly fitted up and furnished, and are prosecuting their labors in their own peculiar field of College life and labor, with much energy and success. They have secured the nuclei of good libraries, and we earnestly appeal to a generous public in their behalf. Contributions, either in books or money, will be gratefully received and wisely applied.

RHETORICAL PRIZES.

During Commencement Week, the faculty will award three prizes: One to the Freshman Class, for the best Declamation; one to the Sophomore Class, for the best Essay; and one to the Junior Class for the best Original Oration. Each class will be entitled to two contestants. The Conference visitors will constitute the Board of Judges.

ENDOWMENT, &c.

The permanent funds of the Institution, including Funded Endowments, Bonds and their Securities, Lands, Grounds, Buildings, Museums, Apparatus, &c., &c., may now be safely estimated at nearly \$200,000, unincumbered by debts or liabilities of any kind.

COLLEGE BUILDINGS.

These are pleasantly located in the northern part of the city, in a beautiful Campus of ten acres of ground adorned with young forest and ornamental trees—directly on the line of the Bloomington and Normal Street Railroad—thus rendering the University easy of access from any part of the two cities.

The old University Building, though comfortable and convenient, and affording accommodations for a large number of Students, has been inadequate to meet the growing wants of our Institution. A Second University Building, of imposing dimensions, costing more than one hundred thousand dollars,—is now nearly finished externally, and will be ready for occupation this Collegiate year—1871-2. This building—of cut stone and brick, 70 by 140 feet, five stories high, with Mansard roof and five towers—is confidently believed to be second to no similar building in the State in architectural beauty and internal convenience.

Through the beneficence of Col. W. N. Coler, of Champaign, Ill., the funds are now ready for completing internally the magnificent chapel (60 by 75 feet—with galleries)—which in honor of the worthy donor, is to be named the “COLER CHAPEL.”

BOARDING.

Good Boarding can be obtained in respectable private families, in the city, at prices ranging from \$4 to \$5 per week. Students board themselves satisfactorily, in rented rooms, at \$2 per week.

GOVERNMENT.

The laws of this Institution are few and simple, but are sufficient to secure quiet and order. The object of instruction will be to form correct mental and moral habits, and to cultivate a taste for intellectual pursuits.

Punctuality in attendance at College exercises, careful observance of study hours, and gentlemanly deportment, are required of every student. Visits of pleasure, gathering in groups, taking amusement on the Sabbath day—absences from rooms at improper hours, or unpermitted absence from town—writing upon or defacing the furniture or rooms of the College or other public buildings—wearing fire-arms or other weapons—drinking intoxicating liquors, or keeping them, except by the prescription of a physician—contracting debts without the knowledge or consent of parents or guardians—using obscene or profane language—refusing compliance with any requirement of the Faculty—and all other breaches of morals or good order, or violations of gentlemanly demeanor, are strictly and totally forbidden.

No student who occasions trouble in any of these particulars, will be suffered to remain to exert on others his corrupting influence; but justice to our students demands that we should note the fact that such is the *esprit du corps* and high moral sentiment which prevail among them, that written laws are practically superfluous; since they will not tolerate the degrading and immoral practices which have sometimes brought disgrace upon our best colleges.

GENERAL REMARKS.

✎ It is with peculiar pleasure that the fact is noted here that the Illinois Wesleyan University, by the complete organization of all the regular College Classes, the breadth and completeness of its Courses of Study, and the steadiness and firmness with which its Undergraduates are held to those Courses, in fact and not merely in name, has vindicated its right to the Collegiate title which it bears.

✎ The special attention of all desiring to enter our College Classes is called to the regular Entrance Examinations at the Beginning of the Fall Term.

✎ By a late decision of the Trustees and Patronizing Conferences, ladies are now admitted to all departments of the University. Some have already entered and, by their deportment and success as students, have given no occasion to doubt the wisdom of this "advanced step" of the institution.

✎ The *Illinois Wesleyan University* being now established upon a firm and permanent financial basis, furnishes a safe investment for the donations, bequests and legacies of our friends who may wish to perpetuate their names and beneficence through future generations. Considerable amounts of money and lands have lately been secured by the *Wills* of large-hearted patrons and benefactors. but large amounts are still needed to furnish such endowments. Library, Apparatus, Museum, and other facilities as are worthy of our great Church, our great State, and the great Future of our Country. Donations for founding *Professorships, Free Scholarships, Prizes, etc.*, are earnestly invited, as being worthy objects of an intelligent Christian beneficence.

CALENDAR FOR 1871-2.

Fall Term begins,	- - - - -	Tuesday, September 12th, 1871.
Entrance Examination, 9 a. m.,	- - - - -	Tuesday, September 12th, "
Examinations begin,	- - - - -	Tuesday, December 19th, "
Fall Term ends,	- - - - -	Thursday, December 21st, "

WINTER VACATION.

Winter Term begins,	- - - - -	Tuesday, January 2d, 1872.
Examinations begin,	- - - - -	Tuesday, March 19th, "
Annual Exhibition of Belles Lettres Society,	- - - - -	Tuesday, March 19th, "
Winter Term ends,	- - - - -	Thursday, March 21st, "

SPRING VACATION.

Spring Term begins,	- - - - -	Tuesday, March 26th, 1872.
Annual Exhibition Muncellian Society, 8 p. m.,	- - - - -	Friday, June 7th, "
Baccalaureate Sermon, 3:30, p. m.,	- - - - -	Sunday, June 16th, "
Address before Society Christian Inquiry, 8 p. m.,	- - - - -	Sunday, June 16th, "
Examinations begin,	- - - - -	Monday, June 17th, "
Prize Exhibition,	- - - - -	Monday, June 17th, "
Annual Meeting Trustees and Visitors, 2 p. m.,	- - - - -	Tuesday, June 18th, "
Address before the University, 8 p. m.,	- - - - -	Tuesday, June 18th, "
Alumni Address and Re-union, 8 p. m.,	- - - - -	Wednesday, June 19th, "
Commencement 10 a. m.,	- - - - -	Thursday, June 20th, "
